RNA FOR A BETTER LIFE IN THE HEIGHTS

RIVERVIEW Neighborhood Association

November, 1997

232 Ogden Avenue - Jersey City, N.J. 07307 - (201) 798-0493

RNA IS NOT AFFILIATED WITH ANY POLITICAL PARTY, ORGANIZATION OR ELECTED OFFICIAL

City Planner to present Urban Design Survey of Jersey City

Jersey City is currently in the process of revising its Municipal Master Plan and Zoning Ordinance, which is the overall plan for the City's future development. To this end, RNA has begun a dialogue with Planning Director **Robert Cotter** concerning the re-enforcement of residential zoning for our community and the future development of Palisade Avenue. Sgt. Anthony Block Association is also participating in this project. RNA's main goal is to motivate the City to protect our residential community against illegal development by actively enforcing municipal zoning, state building codes and federal environmental regulations. Other issues to be addressed are the need to establish a steep slope ordinance to protect the Palisade cliffs and limit its development and the reactivation of the Riverview Arts District to encourage artists to homestead in our underutilized commercial and abandoned buldings.

As part of this process, RNA haws agreed to participate in the Planning Division's Design Standards Survey. At our Novembre meeting, **Clare Davis** a City planner will make a color slide presentation showing various types of building designs, streetscapes, fencing and parking arrangements related to residential, retail, commercial and industrial development. Our members will be asked to respond to each image by registering their reaction through a numerical rating system.

The purpose of the survey is to create a standard for future development in Jersey City by finding our what the residents think about urban design - the visual appeal of buildings, parking lots signs, etc. Everyone should make an effort to attend this meeting and participate in this project by voicing their opinion.

HOLIDAY ACTIVITIES

It's that time of year again, when RNA asks all its members, neighbors and friends to get into the festive spirit and participate in two annual holiday events for the community : the **RNA Holiday Party** and **Xmas Caroling**.

(continued on page 2)

HARBOR VIEW HOLIDAY PARTY

On **Friday, November 21st**, RNA will hold its annual Holiday celebration for the residents of the Harbor View Health Care Center. The party will start at 1:30 PM, after the resident's lunch, with RNA serving desert, including cake and soft drinks. Musical entertainment and dancing will be provided with pianist **Frank Fraga**. Neighbor **Robert Boesch** will dress-up as Santa Claus for the residents.

This year RNA is looking for donations of men's and women's socks and knee highs - for holiday presents for the residents. Please bring these items to the next meeting. Sugar-free and homemade baked goods are also needed. (Please use throw-away pans and dishes.) Call organizers **Valerie and Jack Rea** (653-6916) or **Maria Tuzzo** (659-2245), if you are available to volunteer for this event and spend some quality time with our senior neighbors.

Please contribute in any way you can - volunteering time, baked goods or gifts - for this worthy cause. It is RNA's way of thanking our neighbors at Harbor View for letting us hold our meetings in their house.

Please check the following items you can donate to our party and return this form at the next meeting:

_____ **VOLUNTEER to HELP at the Party**
_____ **MEN OR WOMEN SOCKS**
_____ **BAKED GOODS**

NAME: _____

TELEPHONE NUMBER: _____

FOOD AND TOY DRIVE

RNA is asking all its members, neighbors and friends to contribute to our annual holiday drive by bringing food and toys to the next two RNA meetings in November and December. We will accept dry and canned foodstuffs and new or used toys. Used toys must be in working condition. Monetary contributions are also welcome.

All donations will be given to the Salvation Army for distribution to local needy families during the holiday season. Food and toys can also be brought to 170 Ogden Avenue, by arranging with Maria at 659-2245, after 6 PM.

Please give generously to those that are less fortunate.

RNA HOLIDAY ACTIVITIES (continued from page 1)

RNA HOLIDAY PARTY: This annual year-end event will be held at our December 9th meeting. All our members, neighbors and friends are invited to toast the holidays with RNA. To make this party a success, RNA asks all those who are planning to attend to bring some holiday treat (preferably home-made) or softdrink to share with RNA. There is also an open invitation to all other block associations and local City officials to attend this event and celebrate with us.

CHRISTMAS CAROLING: Each year, RNA organizes this traditional Yuletime activity by getting a group of ten or more stout-hearted souls to sing holiday songs on our streets. The exact date, will be set at the November meeting. In past years, the day chosen was usually during the weekend before Christmas.

MEETING MINUTES: OCTOBER 14, 1997

[The following is an abbreviated summary of the October meeting because the Secretary was unable to prepare the usual transcript for this issue. A full transcript of the October meeting will be published in the December issue. Sorry for this inconvenience. EDITOR.]

COMMUNITY POLICING:
The Jersey City Police were represented by Sgt. Ruby, Lieut. Nearsted, who is the acting commander of the North District, and our two NTF officers Scott Schnee and Lorenzo Tosado. They discussed the recent attack on one of our residents, Kevin Walsh. Mr. Walsh is presenting out of a coma and recuperating at the Medical Center. RNA voted to send Mr. Walsh a basket of cheer.

MOUNTAIN ROAD:
There was a discussion about the final recommendations that RNA would submit to the Engineering Division concerning the renovation of Mountain Road. (The list was published in the October issue of this newsletter.) An additional suggestion was made for the creation of approximately five parking spaces at the western exit of the Road for local residents.

NID DISCUSSION:
CEO Ronald Clemente and Supervisor Ufredo Merchan were present to discuss the state of affairs with the NID program in our neighborhood. There was still no appointment of new NID Managers for either NID North 6 or 7 districts. The individual who is temporary managing North 7 has not attended the last three or four RNA meetings.
A complaint was made that these officials have not been effective in stopping persistent quality of life problems such as garbage storage, loud music and building code violations at specific locations. The question was asked why there has been no summons issued to the violators. A particular building, 242 Ogden Avenue was singled out and a request was made for a written report about its problems and NID attempts to correct them.

ANNOUNCEMENTS:
Valerie Rea led a discussion about the upcoming Harbor View holiday party for the residents. (See article on front page.)
Plans for the fall clean-up and planting weekend scheduled for October 25th were coordinated and volunteers were recruited.

Editor

RNA is now a Tax Exempt Non-Profit Corporation

On October 1, 1997, RNA became exempt from federal income tax. We received notification from the Internal Revenue Service based on the application we submitted in July of this year. The immediate effect of this status will be that RNA will not have to pay monthly charges on our two bank accounts. (We will also try to have the previous bank charges retroactively credited to our accounts.)
In the long term, RNA will be able to solicit donations and apply for grants from businesses, public sources and private foundations for our future projects. To that end, RNA is looking for a person who is experienced in applying for grants to educate us in this rather esoteric process.
The last phase of this project, which began when RNA was incorporated in July of 1996 is to register as a charitable organization with the State of New Jersey.
RNA would like to thank both **Cathy Packard** and **Carol Rebelowski** for their work, patience and perseverance in preparing the application.

RNA STILL DISSATISFIED WITH LACK OF CITY SERVICES

RNA's efforts to get certain City agencies to respond to our maintenance needs is still ongoing. **Kevin Sluka**, director of the Department of Public Works has begun to work on RNA's list of problems. Most notably, the fire hydrant on Ogden Avenue off Griffith Street has finally been replaced. The traffic sign to alert motorists of children in the street around Moore Park has been relocated to a adequate distance before the Park on Ogden Avenue. The DPW is continuing in its efforts to get a company to repair the safety surface in the children's playground in Riverview-Fisk Park. Plans are being made for a second installment of trees along Palisade Avenue for our Treescape Program. Workers have been cleaning the Park's walks of weeds.

However, there is still a lot of work that needs to be done in both the two Parks and the neighborhood in general. Some of the more immediate needs for the DPW to address are as follows:

a) removal of a dead tree over 30 feet high on the eastern side of Riverview -Fisk Park;

b) the repair of five lights in the Park;

c) the repair of the fencing surrounding the children's playground and the basketball court;

d) the installation of a traffic sign at the entrance of the Park;

e) the installation of traffic control devices or signs at the corners of Palisade and Woods Place and Ogden and Bowers Street; and

f) the repair of the floodlights along Palisade Avenue.

Unfortunately, there has been total avoidance of our complaints by the Department of Neighborhood Improvement (the newly created NID agency) and Constituent Services. CS official **Timothy Sheridan** has not called since the mayoral election - over four months - when he promised to resolve our problem of adverse possession of Park land. DNI officials **Maureen Corrado** and **Charles Caleri** have not bothered to install a new NID manager in either of the two districts encompassing RNA. I guess these three individuals are too busy solving other people's problems. Neither agency or its personnel has made any effort to resolve the complaints that are within their respective jurisdictions. It appears that they are just operating as successive layers of bureaucracy with the only real goal being their self perpetuation.

Finally it should be noted that Ward D Councilperson **Bill Gaughan** was angry at the way RNA had written about him in a recent issue of this newsletter. Gaughan felt the comments about him were unfair because he has gone out of his way to help RNA in the past. He also stated that from now on he was going to simply refer neighborhood complaints to the appropriate agency instead of getting involved himself. The fear is that he will refer our complaints to (yup, you guessed it!) Constituent Services and Neighborhood Improvement. That means we will be right back where we started this article: NO WHERE!

Maybe it's time to call Gaughan's sidekick, the other member of the Height's Dynamic Duo - **Tom DeGise**. It is only hoped he will be less thin-skinned and more responsive to our needs. And so it goes! The more things change, the more they remain the same!

UPDATE:
RNA Neighborhood and Park Clean-up

RNA's annual neighborhood clean-up was a partial success. People filled the two JCIA's dumpsters with their residential garbage and debris located on Griffith and South Streets.

Unfortunately, the clean-up and planting scheduled for our two Parks was rained out. (The following Saturday was also rained out.) However, our two park attendants, **Alison Fontana** and **Louie Ramos** in addition to their regular duties of cleaning and maintaining the Parks, planted bulbs and small bushes in the center flower gardens of Riverview-Fisk Park. Rhododendron plants are also planned as part of as an initial planting of a flower garden in Janet Moore Park.

Ms. Fontana also painted over the latest graffiti on the back walls of the Riverview-Fisk pavilion. She had a rather unusual encounter several weeks ago when she found a two foot lizard living in the Park that someone had apparently abandoned. Alison caught the animal and made arrangements to give it to a vet that specializes in reptiles.

UPDATE:
PALISADE AVENUE BUS STOPS

The bus stop on the northbound side of Palisade Avenue and Griffith Street was formally restored with the erection of the NJ Transit sign on that corner.

However, the southbound bus stop is still in doubt. As mentioned in last month's newsletter, the City is attempting to determine which corner to place the bus stop, either the north or south corner because of "concerns" with sight lines for turning traffic. The last information was that the City Council had to approve moving the southbound stop between these corners. Hopefully, these powers that be will be able to resolve this "problem" quickly. (If their past performance is any indication of their ability to resolve this matter, "don't hold your breath!")

UPDATE:
PALISADE TREESCAPE PROGRAM

RNA submitted a list to the Department of Public Works of twenty-two (22) property owners that consented to participate in the second phase of this free tree planting program. Twenty two trees will be planted along Palisade Avenue from Patterson Plank Road to Ferry Street.

In addition, twenty-seven (27) fencing guards and gratings will be installed around each tree, including five trees that were planted last spring, during the City Green and Clean Initiative.

Kevin Sluka, DPW director has indicated that the bids for the trees, grating and guards will be received on November 13, 1997 and that this installation will probably take place this year.

If any Palisade Avenue property owner is still interested in participating in this program, come to the next RNA meeting on November 11th.

UPDATE: HEIGHTS COALITION

The **Heights Coalition of Neighborhood and Block Associations** met on Monday, October 20th. Guest speakers Ward C Councilperson Arnold Bettinger and Council President Tom DeGise were unable to attend because of scheduling conflicts. Arrangements were made for them to speak at the November meeting. Old business was the progress made by police in handling several complaints discussed at last month's meeting.

New business was a discussion concerning the formation of the Ward C Community Association. The new organization's purpose is to promote the formation of more block groups in order to participate in the affairs of their local neighborhoods. There was also a discussion of applying for grants from public and private entities to fund neighborhood projects. Sal Riggi, representing Chapter 80, this year's Coalition chair, promised to present more information at our next meeting.

THOUGHTS

Sometimes all it takes is a smile and a kind word t turn an indifferent co-worker, neighbor or the stranger we sit next to on the bus into a friend. Even your simplest acts of kindness make the world a brighter place.

Madeline Rea

The art of thanksgivings is thanksliving. It is gratitude in action. It is applying Albert Schweitzer's philosophy: "In gratitude for your own good fortune you must render in return some sacrifice of your life for other life."

LETTERS to the EDITOR

Clean Up the Palisade Avenue Drug Problem

[The following is a property owner's response to RNA's efforts to improve Palisade Avenue.]

The biggest problem in the area is the drug problem. The drug dealers are far more aggressive than the police. A few low-level dealers are arrested bu the drug dealing goes on as usual. I see the same dealers selling openly and the good citizens move away and new bad ones move in. They come mostly from Washington Heights, New York. This is the area that supplies the drugs sold here.

What really bothers me is that I see and know hundreds of dealers. How come the law enforcers don't? It is puzzling. If this problem is solved, the Heights will change for the better. I am sure of it. The neighborhood cannot improve until the criminals are put behind bars where they belong.

Karl Lattarulo

Proposal for the Intersection of Palisade Avenue and State Highway

[The Sgt. Anthony Park Association sent the following letter to Ward C Council person Arnold Bettinger, who has been working with them to improve the traffic flow at this critical location. RNA will discuss and vote on a motion to support the Association's proposal at the November meeting.]

The Sgt. Anthony Park Association has been studying the problem of insuring the safety of the intersection of Palisade Avenue and the State Highway and discussing various ways of dealing with it. We wanted to express this complex matter as clearly as possible. What follows is the result of our efforts.

AT PRESENT

This intersection consists of:

a) two westbound lanes on the State Highway coming up from the Holland Tunnel on the entrance ramp to Routes 1&9 and the Turnpike;

b) two eastbound lanes on the State Highway leading down the viaduct to the Holland Tunnel;

c) two southbound lanes on Palisade Avenue, one on which (one the right) is designated a right turn lane; and

d) two northbound lanes on Palisade Avenue, one of which (on the left) is designated a left turn only lane.

PROPOSAL

1. Install a left turn signal (arrow) for the left turn lane, northbound on Palisade Avenue and, subsequently, a delayed green for the southbound traffic on Palisade, resulting in:

a) left turns and through traffic on northbound Palisade Avenue during a delayed green for southbound traffic (30-45 seconds); and

b) after delayed green for southbound traffic expires, a red light (arrow) to left turns for northbound traffic takes effect.

2. Install a delayed green light for cars coming up from the tunnel (going west) and allow no left turns on to Palisade Avenue.
3. Extend the sidewalk on the west side of the intersection and install a barrier wall.
4. Explore the possibility of a four-way red light to allow traffic "pause" between changing signal or long enough for safe pedestrian crossing.

Sgt. Anthony Park Association intends to meet with the New Jersey Department of Transportation again to discuss this proposal; at our last meeting DOT representatives said they would support any proposal that the Jersey City City Council approved.

Robin Petrick, Sgt. Anthony Ass'n

Fund for Better Waterfront, Inc.

The Fund for a Better Waterfront (FBW) is undertaking several important mew programs in the coming year. we will be targeting three to four specific sites along the Hudson River for a concerted planning effort. The connection from Hoboken to Jersey City where the new light rail station will be located is one. The Weehawken Cove, connecting Hoboken to Weehawken, is another. It is important that the planning and design work be executed with the goal of creating quality waterfront parkland. We will also be mounting a new exhibit entitled, "Reclaiming the Hudson River Waterfront." This display will reiterate our theme of creating public waterfronts through municipal planning.

Our success in shaping the plan at Hoboken's south waterfront, unfortunately, has not been repeated at the north end of town. Hoboken's politically powerful Shipyard developer, Joe Barry, has succeeded in getting Mayor Anthony Russo to abdicate all plans for the north waterfront. FBW and the Coalition for a Better Waterfront currently have two cases before the Appellate Division of the New Jersey Superior Court and another case that was just appealed to the New Jersey Supreme Court. Two of the cases concern the Shipyard's state waterfront permit which violates the Coastal Zone Management Regulations for the waterfront walkway, landscaped open space and set-backs from the river's

edge. The other case is our challenge to the zoning amendments, written by Shipyard Associates and passed by the Hoboken City Council in September of 1995. This challenge is based on the fact that the amendments were designed to benefit a private developer, not the public and that they contradict Hoboken's Master Plan.
Your support in the form of a financial contribution is critical to our continued success and our ability to secure the Hudson River's edge as public space. Please send your check to the Fund for a Better Waterfront at the following address:

P.O. Box 1965
Hoboken, New Jersey, 07030

If you have any questions about our recent activities, I would be happy to discuss them wit you. I can be reached at 217-0500 on Mondays or 659-8965 any other day of the week.

Ron Hines

[RNA has worked with the CBW in various projects including the realignment of the NJT light rail to the westside of Hoboken, below the Palisade cliffs and closer to RNA's community. At our November meeting, RNA will vote on a motion to contribute to the FBW in support of their current campaign to provide rational development of the Hoboken waterfront.]

BAG YOUR LEAVES for SPECIAL FALL PICK-UP!

Do not put fall leaves in your regular trash. The Incinerator Authority makes them into mulch which is then distributed to community gardens. Place the leaves in the free biodegradable brown bags available from the City and not plastic bags. Then set the bags out ONLY on the designated pick-up Thursdays:

November 6	**December 4**
November 13	**December 11**

These bags can be obtained, between 9AM to 3 PM, from the following locations:

a) 325 Palisade Avenue,
b) Incinerator Authority, 501 Route 440, and
c) City Hall, 280 Grove Street.

Bags will also be available in Pershing Field on Sunday, November 23 between the hours of 9 AM to 12 Noon.
You can pick-up bags at our next meeting. For more info, call the Incinerator Authority at **432-4645**.

RECYCLE: IT'S THE LAW!

Here is the official list of recyclable materials that are collected in our neighborhood every WEDNESDAY:

PAPER: NEWSPAPERS, MAGAZINES, CARDBOARD, BOXES, MAIL, PAPER, TELEPHONE BOOKS
PLASTICS: BOTTLES, MILK CONTAINERS, WATER CONTAINERS, FOOD BOTTLES
GLASS: SODA or BEER BOTTLES, JARS
CANS: ALUMINUM, TIN, STEEL (NO CHEMICAL OR PAINT CANS).

Remember, paper products should be separate but glass, plastic, and metal can be grouped together. For more information, call the Incinerator Authority at **432-4645**.

Hudson County Animal League

The League has been successful in its campaign to mobilize public opinion about the deplorable state of animal care in our City and the need for a state of the arts shelter for abandoned dogs and cats. The League still needs financial contributions and all donations are tax deductible. People can also help by donating time to work with the League to disseminate information to the public. People are also encouraged to become a temporary foster home for an abandoned dog or cat. All veterinary expenses will be provided by the League.
Remember, a contribution to the League is a good gift to an animal lover for the upcoming holidays.
For more information, the League can be contacted at

P.O. Box 3589
Jersey City, N.J. 07303
(201) 200-1008

CONTRIBUTE TO YOUR NEWSLETTER

Why not contribute some holiday recipe, local tradition or family remembrance for our special holiday issue. Drop all articles, comments and/or recipes in the mailbox, attached to the gate, at 232 Ogden Ave. Mark the envelope, "RNA NEWSLETTER." The next deadline is **Friday, November 21, 1997.**

MEMBERSHIP DUES

The cost of RNA's annual membership will be **$7.00** per person starting in 1998. (Present dues are $5.00 per individual).
Membership entitles you to nine issues of our newsletter, and voting privileges in RNA, if you live within the boundaries. Please support your community by paying your dues at the next meeting, or sending a check, payable to RNA, to 232 Ogden Avenue.
(Contact Jack Rea, if any paid member has not received their newsletters or a membership card.)

IT'S A GOOD THING:

If anyone has any free time that they would like to spend in a charitable way, they should consider volunteering at the Harbor View Health Care Center. Sometimes just a short visit, a conversation or a game with one of the residents, can fill their sometimes lonely days. And it's good kharma.

SEE YOU AT OUR NEXT MEETING ON NOVEMBER 11th at 7:15 PM at the HARBOR VIEW HEALTH CARE CENTER.

ANOTHER FILM SHOOT IN OUR PARK

Miramax Films is scheduled to shoot a scene for their upcoming movie about the infamous disco club, Studio 54 in Riverview-Fisk Park at the end of November. They have indicated that it will be a one day production with actual shooting to commence in the evening. The film company will build a roof in the southeast lawn of the Park to simulate a house with our view of the New York City skyline. For more information, call Diana Strauss at 212-464-1664.

From Valerie's Kitchen:

Petto di tacchino al proscuitto

(Rolled breast of turkey with ham stuffing)

INGREDIENTS:

1 3/4 lb (800 grams) turkey breast
4 eggs
1 rosemary sprig, chopped
salt and freshly ground pepper
2 Tbsp. butter
6 oz. (180 grams) sliced cooked ham
2 Tbsp. extra virgin olive oil
1/2 cup dry white wine

1) Pound turkey with a meat mallet until it is rectangular.
2) *Frittata* filling: Beat eggs in a bowl. Mix with rosemary and pinch of salt and pepper. Melt 1 Tbsp. butter in a skillet. Pour in egg mixture and let set into a 1/2 inch omelet. Turn over and cook the other side.
3) Lay ham slices on the turkey meat. Set frittata on top. Roll the meat and tie with string.
4) Heat oil with remaining butter in oval casserole. Season turkey roll with salt and pepper and lay in casserole. Cook over moderate heat for 15 minutes, turning often until uniformly brown.
5) Bake in preheated 350 degree oven for one hour.
6) Remove meat from sauce. Let stand for a short time.
7) Untie string, slice meat and arrange slices slightly overlapping on a serving platter.
8) Pour wine into casserole, stir in browned bits from bottom. Heat and strain sauce over meat before serving.

POLICEBEAT

Residents should contact their **Neighborhood Task Force Police Officers Scott Schnee and Lorenzo Tosado, David Murawinski or Mark Conroy and Keith Armstrong** if they have a problem, a safety concern or knowledge of criminal activity at **547-5350** (the North District station's frontdesk) or **547-5719** (community service number). When leaving a message, include your name, telephone number, street address, the nature of the problem and the date and time of the message.

In addition, anyone with information about illegal drug use and/or drug dealing, should contact the JCPD **Narcotics Unit at 547-5391**. Ask to speak to the Narcotics Detectives in the North District. All calls will be strictly confidential.

A Community Service Survey form is reprinted below. The purpose of the form is to alert the police to particular chronic problems in our neighborhood. Please fill the form out and mail it to the North District at 282 Central Avenue. (You can remain anonymous.)
